**HubSpot - Software Engineering Internship 2021**
**Remote - USA**

HubSpot is looking for interns who are interested in solving complex problems and being part of one of the fastest growing, most ambitious engineering teams in the world. HubSpot engineering interns work with our engineers in small teams with minimal process and are given the freedom to do big things and own the software they create.

Our technology stack is diverse, and we are looking to fill roles for a variety of projects including:

- Middle tier APIs & web services in Java (DropWizard)
- Dynamic web applications written in JavaScript (React, ECMAScript 6, Sass)
- Core data and infrastructure development with HBase, Elastic Search, ZooKeeper, Redis, MySQL, and Memcached.
- Running, monitoring, and deploying to thousands of servers in multiple data centers & the cloud (DevOps & SRE)

Candidates should have web development experience (projects like mobile apps, web apps, or games beyond coursework is a plus) and top candidates will have:

- An unmatched curiosity to learn and grow their skills with new challenges
- A strong understanding of HubSpot's business, products, and culture
- Excellent communication and collaboration skills
- Confidence taking on big initiatives and leading projects in a fast-paced environment

As an engineer you will get a MacBook Air and a GitHub Enterprise account on your first day. Working closely with your team, you will start shipping production code right away.

**Must be available to work full time from June - August 2021 to apply.**

Come help us build real products that thousands of customers depend on. To read more about our Product and Engineering team at HubSpot, check out this page: http://product.hubspot.com/jobs-internships-co-ops

**About HubSpot**

HubSpot (NYSE: HUBS) is a leading customer relationship management (CRM) platform that provides software and support to help businesses grow better. We build marketing, sales, service, and website management products that start free and scale to meet our customers' needs at any stage of growth. We're also building a company culture that empowers people to do their best work through. If that sounds like something you'd like to be part of, we'd love to hear from you.

You can find out more about our company culture in the HubSpot Culture Code, which has more than 5M views, and learn about our commitment to creating a diverse and inclusive workplace, too. Thanks to the work of every employee globally, HubSpot was named the #4 Best Place to Work on Glassdoor in 2021, and

has been recognized for award-winning culture by Great Place to Work, Comparably, Fortune, Entrepreneur, Inc., and more.

Headquartered in Cambridge, Massachusetts, HubSpot was founded in 2006. Today, thousands of employees work across the globe in HubSpot offices and remotely. Visit our [careers website](#) to learn more about culture and opportunities at HubSpot.
